

Warranty Card

Dear end users:

We appreciate you very much for choosing WINDBELL underground tank gauging and other products. We kindly remind you of reading this warranty card and warranty description with care before the installation to protect your benefits.

The warranty card only with stamp of the supplier will come into effect. The filled form for end user and equipment information in the following shall be returned to the supplier to register the warranty within 30 days upon the date of installation. Otherwise, the supplier keeps the right to cancel the warranty.

You are encouraged to evaluate the works done by the supplier's service team and local distributors. If you have any complains, kindly do not hesitate to contact us. The detailed contact information is on warranty description.

Warranty Description

For New Console, controller and Probes

WINDBELL company limited warrants the original underground tank gauge, supplied by windbell are free from defects in design, material and workmanship under normal use and service for 12 months starting from the date of installation, not to exceed 18 months from the date of bill of lading, whichever occurs earlier. Windbell guarantee free service fulfilled by our local distributor or authorized representative for maintenance under normal use and operation. New equipment installation must be registered in Windbell by returning the signed end user information form within 30 days upon installation date to receive warranty benefits. Otherwise the warranty will not be covered by Windbell.

The distributor or authorized representative will repair or replace parts or equipment found to be defective in material or workmanship at its own sole judgment during the warranty period by supplying new or rebuilt parts at its option. Parts under the coverage of this policy, if requested by Windbell, shall be returned to Windbell with freight prepaid. The replacement parts shall be sent from Windbell.

The sole liability of Windbell for any breach of warranty shall be as set forth above. We do not warranty against the modification done by customers themselves and damage caused by accident, abuse, faulty or improper installation or operation. In no event shall Windbell be liable for any direct, indirect, incidental or consequential damage or loss of product.

The warranties, as set forth above, are made expressly in lieu of all other warranties, either expressed or implied, including, without limitation, warranties of merchantability and fitness for any particular purpose and of all other obligations or liabilities on our part. Further, we neither assume, nor authorize any other person to assume for us, any other liability in connection with the sale of the all petroleum equipment products which has been subject to accident, negligence, alteration, abuse, or misuse, or which has been subject to any damage from any act of nature or any force majeure.
